

Accentrix's Projects for RF Cabin

Accentrix has been successfully installed 20 RF cabins from 2019 to 2nd quarter of 2021 for reputable organisations such as Siemens, Canon and Philips in Malaysia.

Our first MRI RF cabin was installed at Sri Manjung in 3rd Quarter of 2019.

Followed by another 2 Rf cabins at Northern Malaysia.

In year 2020 , Accentrix has been installed 8 units more of RF Cages for Government Hospitals and 2 units for private medical centres.

In year 2021, we have successfully installed few more RF Cages for Government Hospitals and private medical centres.
